2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Bogus Elementary is a K-8, two room school with a current enrollment of 21 students. We have one full time teacher/principal/superintendent, one full time instructional aide who additionally serves as a part time bus driver, and cafeteria coordinator, and a SAFE coordinator. We have a contracted custodial/maintenance worker. Bogus school has a tightly knit family atmosphere approach to education. Virtually every student who attends Bogus gets an individualized education, tailored precisely to the needs of that student. Because of our size we are able to align our state adopted curriculum lessons to each student in the school. We have a great student-to-staff ratio. For our current 21 students we have at least 2 and sometimes 3 adults available to provide this individualized education. Bogus does not have a large turnover in employees. Some of our employees have been involved in and working for the school for decades.

School Vision: "To give our students the social and academic skills and tools necessary to be competitive in today's demanding society"

Mission Statement----"The mission of Bogus Elementary School is to provide, with the help of staff, parents, and community members, a safe, clean, comfortable learning environment where all students will be guided, motivated and nurtured toward high academic success. We will provide students with the tools necessary to become life-long learners who can realize their dreams and aspirations. It is our philosophy that Bogus School is a place where dreams are given direction."

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Bogus Elementary curriculum is kept current with state-adopted text books in all subject areas. State adopted ELA and Math texts were purchased in 2018. Science curriculum was purchased in 2021. We are in the process of updating our Social Studies curriculum. Online resources are also used, with a one-to-one ratio of chromebooks/computers to students.

School Facility Conditions and Planned Improvements

Bogus Elementary School 's most recent site inspection was conducted by the principal/superintendent, with input from the custodial/maintenance person in January 2021. This inspection found that everything was in proper working order with no leaks or damage to the building or outbuildings. Minor repairs were cared for in a timely manner. There is no evidence of hazardous materials that pose immediate threat to pupils or staff. The fire alarm system is in proper working order and there are no electrical hazards present. The building is clean and safe, and the playground equipment and school grounds are kept safe and clean. There is no evident pest or vermin infestation, and monthly visits from the pest company are ongoing.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 Local Assessment Test Results in ELA by Student Group

This table displays Local Assessment test results in ELA by student group for students grades three through eight and grade eleven. LEAs/schools will populate this table for schools in cases where the school administered a local assessment. In cases where the school administered the CAASPP assessment, LEAs/schools will populate this table with “N/A” values in all cells, meaning this table is Not Applicable for this school.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are encouraged to volunteer and participate in their children's education. The Bogus parents help facilitate school fundraisers that supplement the school field trip fund. Parents are encouraged to volunteer at the school to share their expertise with the students. We have a yearly fall fundraising dinner and raffle at the Copco Lake Clubhouse to earn money for field trips and for our music program. This annual event is always well attended. Parents, staff, and community come together to facilitate this event. Parents are also encouraged to volunteer at the school in a variety of capacities. Parents have an opportunity to become involved in our "Outdoor Classroom" and garden project. Students grow plants from starts in our greenhouse and sell them as a fundraiser. Parents were very instrumental in both the setting up and running our garden project. It is a great opportunity for students and parents to work together for a common cause. Parents are involved in many of our field trips. Our population is small enough so that each parent volunteer gets a chance to know and work with all of the students in the school. Last year a community book club was started in the spring, which encouraged parents as well as any member of our community to join a student led book club that takes place at our local community center.

2020-21 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Student and staff safety is a major focus at Bogus. We update our school safety plan, our crisis response plan, and our pandemic flu plan annually. The school's crisis response plan includes steps for ensuring students and staff are safe during a disaster and is posted in the office for all staff members to see. Fire drills, full lockdown, intruder on campus drills and earthquake are conducted on a regular basis throughout the school year. There are periodic facility inspections (4 times per year) and also monthly playground inspections conducted by the teacher and maintenance personnel. Fire extinguishers are checked monthly and refilled as needed. The safety plan and crisis response plans are reviewed yearly and updated on an "as needed" basis.

Professional Development

Bogus Teachers and support staff have a minimum day every Friday, where they enrich each other through collaboration, sharing, and training in relevant subjects. Bogus Elementary School District believes that in order to be effective educators, teachers must be provided with all of the tools necessary to ensure the students are getting the best education possible. One of these important tools is professional development. To this end our teacher has been involved in many district and county training events and has opportunities to collaborate with other teachers and administrators in the county. Our teacher has developed an excellent working relationship with many other peer groups both within and outside of the county.

Paraprofessional aides are trained by the principal and also are involved in training relevant to their respective positions. The principal/superintendent attends the majority of trainings sponsored by Siskiyou County Office of Education. In addition, he/she attends monthly meetings and training sessions geared toward county superintendents and their responsibilities. The principal/superintendent has developed a good working relationship with most of the other superintendents and principals in the county. The bus driver attends periodic training and goes through periodic required testing. The cook is trained in the latest and safest food handling procedures as well as in state nutritional requirements. She produces a variety of good tasting, healthy meals that students enjoy. The teacher is involved in a Teacher Leadership Academy which meets several times a year to create and implement a project that will enrich one aspect of their school. The teacher has chosen to start a community book club that will be lead by students.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
