## 2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

Bogus Elementary is a K-8, two room school with a current enrollment of 15 students. We have one full time teacher/principal/superintendent, one full time instructional aide who additionally serves as the cafeteria coordinator, and a SAFE coordinator who additionally serves as the bus coordinator. We have a contracted custodial/maintenance worker. Bogus school has a tightly knit family atmosphere approach to education. Virtually every student who attends Bogus gets an individualized education, tailored precisely to the needs of that student. Due to our size we are able to align our state adopted curriculum lessons to each student in the school. We have a great student-to-staff ratio. For our current 15 students we have at least 2 and sometimes 3 adults available to provide this individualized education. Bogus does not have a large turnover in employees. Some of our employees have been involved in and working for the school for decades and our newest employee has worked for the school for 7 years.

School Vision: "To give our students the social and academic skills and tools necessary to be competitive in today's demanding society"

Mission Statement----"The mission of Bogus Elementary School is to provide, with the help of staff, parents, and community members, a safe, clean, comfortable learning environment where all students will be guided, motivated and nurtured toward high academic success. We will provide students with the tools necessary to become life-long learners who can realize their dreams and aspirations. It is our philosophy that Bogus School is a place where dreams are given direction."

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2021-22 Teacher Preparation and Placement

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Bogus Elementary curriculum is kept current with state-adopted text books in all subject areas. State adopted ELA and Math texts were purchased in 2018. Science curriculum was purchased in 2021. We are in the process of updating our Social Studies curriculum, in the meantime we are using Studies Weekly. Online resources are also used, with a one-to-one ratio of chromebooks/computers to students.

## School Facility Conditions and Planned Improvements

Bogus Elementary School 's most recent site inspection was conducted by the principal/superintendent, with input from the custodial/maintenance person in September 2024. This inspection found that everything was in proper working order with no leaks or damage to the building or outbuildings. Minor repairs were cared for in a timely manner. There is no evidence of hazardous materials that pose immediate threat to pupils or staff. The fire alarm system is in proper working order and there are no electrical hazards present. The building is clean and safe, and the playground equipment and school grounds are kept safe and clean. There is no evident pest or vermin infestation, and monthly visits from the pest company are ongoing.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

<b>Mathematics</b> (grades 3-8 and 11)	58	71	54	71	35	37

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

Parents are encouraged to volunteer and participate in their children's education. The Bogus parents help facilitate school fundraisers that supplement the school field trip fund. Parents are encouraged to volunteer at the school to share their expertise with the students. We have a yearly fall fundraising dinner and raffle at the Copco Lake Clubhouse to earn money for field trips and for our music program. This annual event is always well attended. Parents, staff, and community come together to facilitate this event. Parents are also encouraged to volunteer at the school in a variety of capacities. Parents have an opportunity to become involved in our "Outdoor Classroom" and garden project. Students grow plants from starts in our greenhouse and sell them as a fundraiser. Parents were very instrumental in both the setting up and running our garden project. It is a great opportunity for students and parents to work together for a common cause. Parents are involved in many of our field trips. Our population is small enough so that each parent volunteer gets a chance to know and work with all of the students in the school. Three years ago a community book club was started in the spring, which encouraged parents as well as any member of our community to join a student led book club that takes place at our local community center.

## 2025-26 School Safety Plan

Student and staff safety is a major focus at Bogus. We update our school safety plan, our crisis response plan, and our pandemic flu plan annually. The schools latest review was on December 10th, 2025. The school's crisis response plan includes steps for ensuring students and staff are safe during a disaster and is posted in the office for all staff members to see. Fire drills, full lockdown, intruder on campus drills and earthquake are conducted on a regular basis throughout the school year. There are periodic facility inspections (2 times per year) and also monthly playground inspections conducted by the teacher and maintenance personnel. Fire extinguishers are checked monthly and refilled as needed. The safety plan and crisis response plans are reviewed yearly and updated on an "as needed" basis. We also asked for an Emergency Preparedness Coordinator to visit to the school and identify weak points/ additional safety procedures and updates the school could implement.

## Professional Development

Bogus Teachers and support staff have a minimum day every Friday, where they enrich each other through collaboration, sharing, and training in relevant subjects. Bogus Elementary School District believes that in order to be effective educators, teachers must be provided with all of the tools necessary to ensure the students are getting the best education possible. One of these important tools is professional development. To this end our teacher has been involved in many district and county training events and has opportunities to collaborate with other teachers and administrators in the county. Our teacher has developed an excellent working relationship with many other peer groups both within and outside of the county.

Paraprofessional aides are trained by the principal and also are involved in training relevant to their respective positions. The principal/superintendent attends the majority of trainings sponsored by Siskiyou County Office of Education. In addition, he/she attends monthly meetings and training sessions geared toward county superintendents and their responsibilities. The principal/superintendent has developed a good working relationship with most of the other superintendents and principals in the county. The bus driver attends periodic training and goes through periodic required testing. The cook is trained in the latest and safest food handling procedures as well as in state nutritional requirements. She produces a variety of good tasting, healthy meals that students enjoy. The teacher is involved in a Teacher Leadership Academy which meets several times a year to create and implement a project that will enrich one aspect of their school. The teacher has chosen to start a community book club that will be lead by students.
